

Blackstone Chicken Stir-Fry

with zucchini vegetables and buttery vegetable-egg fried rice

SERVES	PREP	GRIDDLE	COOK
6	25 min + rice chilling	375–400°F	20–25 min

Why this version works

Cold rice browns instead of steaming. Chicken, zucchini vegetables, and fried rice cook concurrently in three heat zones, with a timeline that accounts for their different cooking times. Butter and soy quantities were checked against five published Blackstone fried-rice recipes.

Ingredients

Chicken

- 1 1/2 lb boneless, skinless chicken breasts or thighs, cut into 1/2-inch pieces
- 3 Tbsp homemade teriyaki sauce (below) for marinating; 1/4 cup clean sauce reserved for finishing
- 1 Tbsp neutral high-heat oil; 1/2 tsp kosher salt; 1/4 tsp black pepper

Homemade teriyaki sauce — makes about 3/4 cup

- 1/2 cup low-sodium soy sauce; 1/4 cup water; 3 Tbsp brown sugar or honey; 1 Tbsp rice vinegar
- 2 garlic cloves, minced; 1 tsp grated ginger; 1 Tbsp cornstarch mixed with 1 Tbsp cold water
- 1 tsp toasted sesame oil, optional—stir in only after removing the sauce from heat

Zucchini vegetables

- 2 medium zucchini, sliced 1/2-inch thick; 1 red bell pepper, 1-inch pieces
- 1 medium yellow onion, 1-inch pieces; 8 oz mushrooms, halved (optional)
- 1 Tbsp neutral oil; 1 Tbsp garlic butter; salt and pepper

Vegetable-egg fried rice

- 2 cups uncooked jasmine or long-grain rice, cooked and chilled (about 6 cups)
- 1 1/2 cups frozen peas and carrots; 4 large eggs, beaten; 3 green onions, sliced
- **4 Tbsp garlic butter, divided; 6 Tbsp low-sodium soy sauce, plus up to 2 Tbsp more to taste**
- 1 Tbsp oyster sauce, optional; 1 Tbsp toasted sesame oil

Garlic butter

- Mix 6 Tbsp softened unsalted butter with 2 minced garlic cloves and 1 tsp soy sauce. The meal uses 5 Tbsp; keep 1 Tbsp available if the rice or vegetables need it.

Prep ahead

1. Cook and chill the rice. Spread cooked rice thinly on a lightly oiled sheet pan, cool promptly, cover, and refrigerate at least 3 hours or overnight.
2. Prepare every ingredient, portion the sauces and butter, beat the eggs, and cut the chicken and vegetables before heating the griddle.
3. Make the teriyaki: simmer soy sauce, water, sugar or honey, vinegar, garlic, and ginger for 2 minutes. Whisk in the cornstarch slurry and simmer about 1 minute until glossy. Remove from heat; add optional sesame oil and cool. Put 1/4 cup clean sauce aside for finishing, then marinate chicken with a separate 3 Tbsp for 10–30 minutes.

Three-zone Blackstone timeline

Use clean, separate utensils for raw chicken. Times are approximate; temperature and doneness decide when each component moves off heat.

TIME	ACTION	WHAT TO DO
0:00	Preheat and zone	Set one side medium-high for chicken, the center medium-high for vegetables, and the other side medium for fried rice. Oil the chicken and vegetable zones.
0:00	Begin chicken + rice vegetables	Spread chicken in one layer on its zone and leave untouched. On the rice zone, melt 1 Tbsp garlic butter and cook peas, carrots, and green-onion whites for 2 minutes.
0:00	Begin sturdy vegetables	Add onion and optional mushrooms to the vegetable zone. Toss occasionally.
2:00	Add rice + remaining vegetables	Move peas and carrots aside. Melt 2 Tbsp garlic butter, spread cold rice thinly, and leave it untouched 60–90 seconds. Add bell pepper and zucchini to the vegetable zone.
3:00	Turn chicken	Flip chicken after it develops a brown crust. Cook another 2–3 minutes. Once it reaches 165°F, lower that zone and toss with the reserved 1/4 cup clean teriyaki sauce for 30–60 seconds.
4:00	Turn and brown rice	Flip sections of rice and continue frying 3–4 minutes, breaking clumps without chopping the grains.
5:00	Finish vegetables	Toss until browned but still crisp-tender. Add 1 Tbsp garlic butter during the final minute, then move vegetables to the warm zone.
6:00	Cook eggs	Make a well in the rice and lower that spot to about 300°F. Melt the final 1 Tbsp garlic butter, add eggs, let set 30–40 seconds, then scramble and fold in the rice vegetables.
8:00	Season rice	Mix 6 Tbsp low-sodium soy sauce with optional oyster sauce. Drizzle over rice and toss. Taste before adding up to 2 Tbsp more soy sauce. Turn off that burner, add sesame oil, and toss once.
9:00	Serve	Plate fried rice, chicken, and zucchini vegetables side by side. Garnish with green-onion tops or sesame seeds.

Tips

- Start with 6 Tbsp soy sauce. Brands vary in saltiness, and the chicken has its own sauce. Add the final 1–2 Tbsp only after tasting.
- Keep zucchini slices thick and do not salt them early; both steps reduce water release and help browning.
- On a smaller griddle, make and cover the fried rice first, then cook vegetables and chicken. Crowding causes steaming.
- Add toasted sesame oil only after lowering or turning off the heat so its aroma does not burn away.
- Never reuse sauce that touched raw chicken. The finishing teriyaki must be reserved before marinating.

Online recipe comparison

The five recipes below consistently use at least 3 Tbsp soy-based seasoning per 4 cups cooked rice. Three explicitly use butter, generally 2–4 Tbsp. Scaled to this six-cup batch, 4 Tbsp garlic butter and 6–8 Tbsp low-sodium soy sauce provide a moderate, adjustable middle ground.
