

Instant Pot Pot Roast

Classic roast, potatoes, carrots and gravy.

YIELD	PREP	COOK
6 servings	20 min	80-100 min

Ingredients

- 3-5 lb beef chuck roast
- 1 Tbsp oil
- 1 tsp salt
- 1 tsp onion powder
- 1 tsp garlic powder
- 1/2 tsp black pepper
- 1/2 tsp smoked paprika, optional
- 1 lb baby red potatoes
- 4 large carrots, cut into large chunks
- 1 large yellow onion, chopped
- 4 cups beef broth
- 2 Tbsp Worcestershire sauce
- 1/4 cup water
- 2 Tbsp cornstarch

Directions

1. Set Instant Pot to Saute. Combine salt, onion powder, garlic powder, pepper and paprika; rub over roast. Add oil and sear roast 3-4 minutes per side.
2. Arrange potatoes, onion and large carrot chunks around the roast. Add beef broth and Worcestershire sauce.
3. Pressure cook on HIGH for 60 minutes for a 3-lb roast, increasing toward 80 minutes for a 5-lb roast.
4. Natural-release 10 minutes, then vent remaining pressure. Transfer roast and vegetables to a platter and shred or slice the beef.
5. Whisk water and cornstarch. Bring the cooking liquid to a simmer using Saute and whisk in slurry until the gravy reaches the desired thickness. Serve over beef and vegetables.

Helpful Notes

- If using baby carrots, add them for a shorter final pressure-cooking stage so they do not become mushy.
