INGREDIENTS

- 1.5 to 2 lb boneless, skinless chicken breasts
- 1/3 cup low-sodium soy sauce
- 1 1/2 Tbsp Worcestershire sauce
- 6 cloves garlic, minced
- 1/3 cup honey
- 2 Tbsp apple cider vinegar
- 2 tsp sesame oil
- 1 gallon-size freezer bag

FREEZER PREP

1. Add the honey, soy sauce, apple cider vinegar, Worcestershire sauce, sesame oil, and garlic to a labeled freezer bag and mix.
2. Add 1.5 to 2 lb chicken and massage the bag to coat it evenly with the marinade.
3. Press out excess air, seal, and freeze flat for up to 3 months. Thaw completely in the refrigerator before cooking.

FINISHING THE SAUCE

After cooking, thicken the sauce with 2 Tbsp cornstarch mixed with 3 Tbsp cold water. Keep the cornstarch slurry out of the freezer bag.

COOKING INSTRUCTIONS

OVEN: Pour the entire bag into a baking dish and arrange the breasts in one layer. Bake uncovered at 400°F for about 22-30 minutes, until the thickest piece reaches 165°F. Remove the chicken. Simmer the cooking liquid in a saucepan, whisk in the slurry, and cook until glossy and thickened.

SLOW COOKER: Cook on LOW for about 2 1/2-4 hours, checking early to avoid overcooking. Remove the chicken at 165°F. Stir in the slurry, cover, and cook on HIGH for 10-15 minutes, until thickened.

INSTANT POT: Add the full bag plus 1/4 cup water. Cook on HIGH pressure for 6 minutes, followed by a 5-minute natural release, then release the remaining pressure. Remove the chicken, select Sauté, whisk in the slurry, and simmer 1-3 minutes.

SERVING & SAFETY

Serve with rice and broccoli or green beans. Cooking times are estimates; always verify that the thickest part of the chicken reaches 165°F with an instant-read thermometer.

Corrected version based on the previously saved honey-garlic recipe. This version intentionally uses apple cider vinegar, Worcestershire sauce, and sesame oil; it does not use ketchup, olive oil, or ginger.
